**Honda 2000-09 S2000**

1. Open the hood.
2. Remove the hood seal retaining clips, then the seal, Figure 1. Use care not to damage the seal when removing the retaining clips.
3. Lift the passenger side cowl cover upward, then remove the cabin air filter and housing, Figure 1.
4. Remove the cabin air filter element from the filter housing, Figure 2.
5. Install the new cabin air filter element into the filter housing. Ensure the filter element is properly positioned in the housing, Figure 2.
6. Position the cabin air filter into the cowl opening. Ensure the filter housing is properly seated.
7. Install the passenger side cowl cover. Ensure the cover is securely seated.
8. Install the hood seal and secure with the retaining clips.
9. Close the hood.

<b>⚠ WARNING</b>	
	<b>Turn The Engine Off</b> Failure to do so may cause electrocution, burns and severe injury.
