Application: Application: Aplicación:  
**Suzuki Grand Vitara**

Always refer to your current application guide for updated instructions.

### Location of cabin filter:

Behind the glove compartment behind an access door on the passenger side of the vehicle

### To remove existing filter:

1. Open the glove compartment and push in on the sides of the glove compartment and rotate glove compartment down.
2. Locate the cabin filter access door.
3. Remove the filter access door
4. Remove the existing dirty filter.
5. Install new filter.
6. Reattach the filter access door.
7. Rotate glove compartment back into place by depressing in on sides and closing the compartment
